2018 Preschool Survey Results

The Preschool department would like to express our appreciation to all of you who participated in our recent survey. Your willingness to provide feedback is very helpful to us. Here is brief summary of some of the data we collected.

Current Enrollment: 90

K2: 16 responses

K3: 18 responses

K4: 41 responses

Total Survey responses: 76

Several areas of strength were reflected by the survey responses. Question 12 *"The Preschool staff communicates to families in a positive way."* and question 8 *"The Preschool provides me with important calendar information. I have a clear understanding of the schedule."* both had **88%** of the respondents selecting **strongly agree**. Also, **84%** of the respondents **strongly agree** that *"The curriculum and staff have aided in the spiritual growth of my child."*

Some of the weaker areas were answers to question 7 *"The Preschool provides me with information on payment and refund policies."* only **51% strongly agree**, question 4 *"I receive written reports on my child's progress regularly."* only **54% strongly agree**, and question 17 *"The curriculum is challenging enough for my child."* had **60%** who responded with **strongly agree**.

The results for question 19 which asked respondents to rank 5 areas in order of their importance were as follows:

- 1-Christian education
- 2-Safety/Security
- 3-Caring staff
- 4-Location
- 5-Affordability

Once again, thanks for participating. The Preschool staff will continue to study the survey results and use this information to improve our program. If you would like to see more of the results, I would be happy to provide you with a more comprehensive copy of the survey data.

Sincerely,

Rob Starner
Preschool Principal
